

B.TECH. ADMISSIONS 2023-24

Indian Institute of Information Technology Una (HP)
Saloh, Una – 177209

An Institute of National Importance under MoE

1. About IIIT UNA

IIIT Una is an institute of national importance set up, funded, and managed by the Ministry of Education, Govt. of India under the Public-Private Partnership model. The institute started its operation in the year 2014 and currently offering undergraduate programs in B.Tech. CSE, ECE, and IT disciplines. The uniqueness of the Institute is in its freshly developed curriculum implemented from the AY 2019-20, focusing on practical, product-oriented, and project-based learning. The curriculum involves practicum, where students can show their innovation and creativity to solve real-world problems. 50% of the curriculum has lab components, and a full semester is dedicated for industry internship. The Institute has 100% placement record so far. The institute has plans to establish a Centre of Excellence in Evolving Technologies such as Artificial Intelligence, Internet of Things, Cybersecurity, Robotics, Nanoelectronics and Computer Vision. IIIT Una has already signed a Memorandum of Understanding (MoU) with IIT Ropar, IIT Mandi, Himachal Pradesh Technical University (HPTU) Hamirpur, Himachal Pradesh University (HPU), Shimla, and Shri Lal Bahadur Shastri Government Medical College & Hospital Mandi to boost research activities and academic collaborations.

2. Institute Vision

- To build a vibrant multicultural learning environment with value based academic principles.
- To achieve excellence in teaching and research and to contribute effectively and responsibly to the national and global community.

3. Institute Mission

- To provide quality education to the students with practical orientation.
- To collaborate with industries and research institutions to solve socially relevant problems.
- To inspire students to become responsible citizens and competent professionals with ethical values.

4. Infrastructure

- The Institute celebrated its 75th Independence Day as the first event of the Institute in its permanent campus.
- The following seven blocks have been completed and the institute has started its functioning from the new campus from 29, Oct.'21 onwards:
 - Admin Block
 - Academic Block
 - Director's Residence
 - Bhutagni Hostel
 - Chitagni Hostel
 - Jatharagni Hostel
 - Dhatvagni Transit House
- Institute also has different sports facilities consisting of athletic tracks, cricket, basketball, badminton, volleyball, football, and tennis courts etc.

- All the classrooms and labs are equipped with state-of-the-art equipments.
- A music room for the Music Troop of the Institute is available. A gymnasium and in- door stadium are also available.
- A health center with a doctor and pharmaceutical assistant has also been established within the campus.
- The institute already has SBI Bank Branch and IIIT Una ATM is also operational.

5. Students Placement

The number of companies visiting the Institute for campus placement is on the increase every year and nearly all the students who are interested in placements other than those who want to pursue the higher studies and entrepreneurship are getting placed. * The placement percentage is excluding the students opting for higher studies/entrepreneurship.

OUR RECRUITERS

WITHIN FIVE YEARS OF ITS ESTABLISHMENT, STUDENTS FROM IIIT UNA HAVE BEEN RECRUITED BY THE BEST IT FIRMS IN THE WORLD.*

6. Courses Offered

The institute offers three B.Tech. programs in the following two schools:

- I. School of Computing
 - B.Tech. in CSE
 - B.Tech. in IT
- II. School of Electronics
 - B.Tech. in ECE

7. Design of Curriculum

The B.Tech. Course Curriculum has been designed conforming to the recommendations of Senate and guidelines of AICTE, including NEP 2020. It consists of the following components of study:

- I. General Institute Requirements (GIR)

This group of courses contain the basic subjects which all undergraduate students must complete.

 - Engineering Mathematics
 - Engineering Physics
 - Engineering Chemistry
 - Introduction to Biotechnology
 - Professional Communication
 - Basic Environmental Science and Engineering
 - Humanities
 - Basics of Programming in C
 - Basic Electrical and Electronics Engineering
 - Electronics/Computer/IT Workshop
 - Internship
 - Project Work
 - Technical Clubs/ Sports/ Cultural/ Yoga/ NCC/ NSS
 - Industrial/Expert Lectures
- II. Curriculum

The curriculum is grouped into Program Core, Program Electives and Stream Electives.

 - Program Core (PC)

All the PC subjects will be covered in first two years which covers almost the GATE syllabus.
 - Program Elective (PE)

The Program Elective courses are offered in V and VII semester. Student will have to choose one out of two subjects as per their choice.
 - Stream Electives (SE)

The Institute offers Stream Electives common to all branches. The following are the streams offered by the two schools:

 - Applications
 - Security
 - Artificial Intelligence and Machine Learning

-
- Database and Networking
 - Cyber Physical Systems
 - Intelligent Systems

Student desires to specialize in any of the given streams, can select the courses in V, VII and VIII semesters from the specified stream. The institute also supports Online Honors/Optional course from V semester onwards. Based on the eligibility, the student may choose either one of the online courses (Honors/Optional).

III. Internship (IN)

In VI semester the students are given the opportunity to experience the industry ambience through a minimum five months of internship. Internship in industries and premier academic institutions such as IISc, IITs, NITs and IIITs is to be carried out in this semester. Students are also encouraged to do internship in abroad. This course helps the students for the supervised practical application of the courses that they learn in specific semester.

IV. Practicum (PM)

This is a semester project work included from I to IV semester. The practical course constitutes a minor project work based on the concurrently studied theory in that semester.

V. Project Work (PW)

The project work is designed for a total duration of three semesters (V, VII and VIII) as a single project involving detailed literature survey, implementation and experimentation plan.

VI. Online Courses (OC)

- Honors Online Courses

This course is optional for students who opt for B.Tech. (Honors). The students having SGPA \geq 8.0 (Semester I to IV) are eligible for the Honors Course. The students can also choose online courses from NPTEL/SWAYAM/MOOCs/etc. They should undergo the online course completely, submit assignments, projects, etc. and appear for the final exam conducted by the online instructor. The awarded grade must be submitted for the award of suitable letter grade in this course.

- Optional Online Courses

This course is optional for students who opt for B.Tech. (Optional). Students who don't fulfil the eligibility criteria for Honors can opt for Optional Course. The students can choose online courses from NPTEL/SWAYAM/MOOCs/etc. In Optional course the credit will not be counted for the calculation of the final CGPA but the credit will appear in the Grade card and transcript.
